

CHIEF'S REPORT

PISCATAWAY HIGH SCHOOL HIGHLIGHTS

Jason Lester, Principal

February 2017

MESSAGE FROM MR. LESTER

It has been an unseasonable winter. Within the same week, temperatures ranged in a high of 70 degrees and a low of 20 degrees. Many of us were not sure what to make of the weather this month, but I can say that the spirit of the CHIEF was inspiring and warm inside PHS. We celebrated Black History Month with several GREAT events including our annual tele-conference with our sister school in Ghana, our daily message from the Principal-Student Council that highlighted African Americans in the Culinary Arts, Scientists, Military Heroes, and African American Organizations. We concluded the celebration with guest speaker Bryon Hunt, noted film producer and author.

Congratulations to Coach Smith and all of our wrestlers for an outstanding season! Also, kudos to our swim team, coached by Mr. Foglyano, for another GREAT year in the pool. Students did a fine job of celebrating our school counselors during National Counseling Week. It was a month filled with learning and achieving.

Please read on and enjoy.

BLACK HISTORY MONTH

Black History Month Assembly

Ms. Jordan and the African-American Culture Club hosted their 4th annual Black History Month assembly on Friday, February 17, 2017. It was open to all faculty, staff, and students of Piscataway High School. The assembly celebrated African-American culture, both historical and contemporary. Marissa Griffin, Joi Suttle, and Jurnee Edwards recited their original poems. Orly Tsamezeu shared her experience as an African-American by way of Cameroon.

Guest speakers: Ms. Tamika Stembridge, Esq., Executive Director of dfree Global Foundation, Mr. Ashton Burrell, CEO and founder of Transforming New World Consulting and President and Founder of LIVE Mentorship Program and former rapper who has worked with notable rappers like T-Pain, and last but not least, Mr. Stefan Jordan, owner of Elysium Healthcare, LLC., and scholarship Chair for Omega Psi Phi Fraternity and the HBCU College Tour Chair, all shared their experiences and encouraged the students to know their histories, embrace life and remove the self-imposed limitations; be all they can be. We had a captive audience.

The assembly concluded with an amazing and energetic step-show performance from the Omega Psi Phi Fraternity Rutgers chapter.

Honoring Dr. Martin Luther King, Jr.

The Social Studies department at PHS conducted a variety of MLK Day related activities to celebrate and honor Dr. King's legacy.

Social Studies students viewed the **MLK Day Legacy of Service PSA** – from the Corporation for National and Community Service (CNCS) <https://www.nationalservice.gov/mlkday> This video tells the story of how Dr. King's birthday evolved into a national day of service. Featuring civil rights luminaries such as Congressman John Lewis, Reverend Dr. Joseph Lowery, and Ruby Bridges, the 6-minute video reminds us of the importance of keeping Dr. King's legacy of service alive and challenges us to make service a part of our lives – everyday of the year. Teachers will conduct a class discussion on appropriate service opportunities in the area.

Some teachers also conducted various in-class activities and projects including an analysis of Dr. King's prophetic last speech. Other classes discussed the meaning of the title of his last book, *Where do we go from here? Chaos or Community?*, as it applies to the past and present social and political issues facing America.

Live Teleconference with Ghana

Our annual live streaming teleconference with students from Ghana took place on February 15. Over the past several years Piscataway High School has linked up with O'ia-da International Inc. annually to facilitate live teleconferences with high school students in Ghana, Africa. This was made possible through Eric Jones and his latest project, the Akoma Ntoso Cultural Centers (ANCC) and the efforts of Harold Gilchrist the MIS IT Center Director for Piscataway Schools. O'ia-da is a non-profit, 501(c) (3) organization www.oiadaintl.org that has been dedicated to providing programs and services that encourage the appreciation of African cultures and history since 1997. The ANCC is currently connecting students in the US and Africa by utilizing our 21st century telepresence cultural centers thus empowering them to become global citizens.

Guest Speaker, Byron Hurt

On February 27 Byron Hurt addressed a student filled assembly about issues of race, health and social justice. As a filmmaker and motivational speaker Mr. Hurt's work and the discussion forum with students was a valuable experience for both students and teachers. He has screened his films, and provided keynote speeches on hundreds of college and university campuses around the country, and in various parts of the world. From Howard University to Harvard University, with racially and culturally diverse audiences. His documentary [Hip-Hop: Beyond Beats and Rhymes](#) premiered at the 2006 [Sundance Film Festival](#) and broadcast nationally on [PBS](#) in 2007.¹ His film [Soul Food Junkies](#) received the Best Documentary Award at the 2012 [American Black Film Festival](#) and aired on PBS' [Independent Lens](#).

NATIONAL SCHOOL COUNSELING WEEK

National School Counseling Week 2017 "[School Counseling: Helping Students Realize Their Potential](#)," was celebrated from **Feb. 6-10, 2017**, to focus public attention on the unique contribution of school counselors within U.S. school systems. National School Counseling Week, sponsored by ASCA, highlights the tremendous impact school counselors can have in helping students achieve school success and plan for a career. National School Counseling Week is always celebrated the first full week in February.

Expository Writing Program

Piscataway High School's cutting-edge *Expository Writing* program is becoming a model for nearby high schools. On February 23, Professor Michael Goeller (a Director of the *Rutgers Writing Program*), Jessica Loux (Supervisor of English at East Brunswick High School), Harriet Sideris (Supervisor of English at Edison High School), along with five English teachers from East Brunswick met with Bob Coleman, Carrie Thomas, Caren Stephenson, and Ruth Yeselson to observe *PHS Expos* classes in action and to talk about curriculum and instruction. The stars of the morning were, of course, our students, who impressed all of our visitors with their independence, self-awareness, and scholarship.

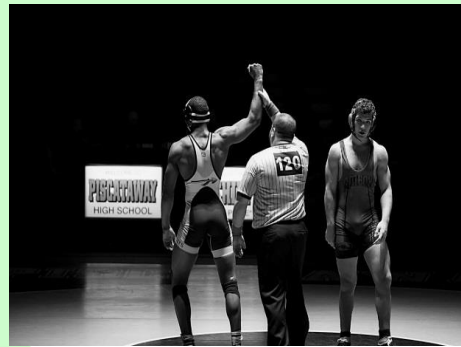

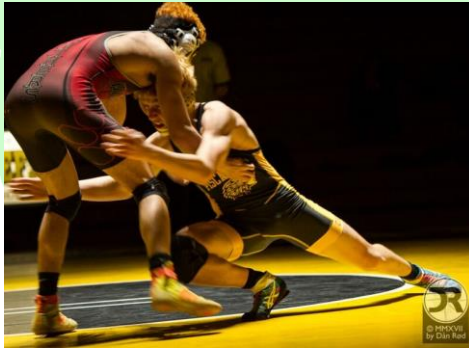

PHS SENIORS VISITED QUIBBLETOWN MIDDLE SCHOOL

A panel of 13 former Quibbletown Middle School seniors recently assisted in the district's efforts to better prepare students for life after Middle School. These students were handpicked based on their individual differences, each bringing a unique perspective on the opportunities that Piscataway High School has to offer and how to prepare to maximize their experience. Identified students first took part in a discussion session that was held at PHS with Quibbletown staff members Dr. Beth Barbarasch and James Overton. The program culminated on Friday, January 27th, with the panel of students visiting Quibbletown Middle School and hosting a Q & A session with the entire 8th Grade Class. The Piscataway High School panel did a tremendous job and brought an honest and candid perspective while sharing their personal experiences in transitioning from Middle School to High School. Discussion points ranged from items like time management, lateness to class, club offerings to recommendations on work load and course selection, and even homework. Many thanks to those who participated in both sessions: Olivia Greene, Nicholas Velazquez, Vaishali Sindha, Francis Alonzo, Lela Allen, Angela Davis, Jalen Lawhorne, Roberto Pinto, Rosa Crudup, Elijah Barnwell, Elise Merritt and Kevin Carolina.

ATHLETICS NEWS

Wrestling Teams Wins Big!

The PHS varsity wrestling team has had an amazing 2017 season. The high level of dedication and work ethic that we have set for the boys has paid off for the team and many individuals as well. The team placed 2nd in the GMC conference tournament, which has not been achieved in almost 20 years. They then followed up that accomplishment by winning the first ever state sectional championship for wrestling in school history! By doing so the team got to travel to the Pine Belt Arena in Toms River to compete in the state Group 5 championships. Now in the end of the season the individual qualifying begins. First is the district tournament where the Chiefs, as a team, placed 3rd. The team had two individual district champions; Nick Recine at 170lbs and Paris Foster at 195lbs. Placing second was Joseph Hatcher at 152lbs, Michael Petite at 160lbs and Samuel Rogers at 220lbs. Placing third consisted of Maximus Parra at 113lbs, Marcus Petite at 138lbs and Gabriel Rodrigues at 145lbs. These individuals who placed top 3 in their respective weight classes will move on to the region tournament. Congratulations and we wish you the best of luck moving forward!!

FBLA NEWS

On February 7th, at Johnson & Johnson's Ethicon subsidiary in Bridgewater, NJ, only eight teams remained for the final round of the Junior Achievement TITAN competition. Back in the fall, over 600 teams from all over New Jersey started, which included 13 from the PHS chapter of Future Business Leaders of America (FBLA). **One of those teams – Team AKA (PHS juniors Adam Liang, Adam Nathoo, and Kunal Thakker) earned a \$500 cash prize by coming from behind to take second place in the final round.**

The day wasn't just about TITAN, though; students were addressed by Ethicon management and participated in a hands-on demonstration of wound closure products – an abbreviated version of what medical professionals experience.

Junior Achievement of New Jersey is a nonprofit organization providing a series of business, economics, and life-skills programs to enhance the education of young people.

JA TITAN is a comprehensive, interactive business simulation set in the year 2035. Teams compete in virtual industries where they make decisions on expenditures like capital, marketing, and research & development, as well as pricing. A computer algorithm compares the teams' decisions and award performance index points based on market share and retained earnings.

VISUAL ARTS

Scholastic Art & Writing Awards

Since 1923, the Scholastic Art & Writing Awards have recognized the vision, ingenuity, and talent of our nation's youth, and provided opportunities for creative teens to be celebrated. Each year, increasing numbers of teens participate in the program, and become a part of our community—young artists and writers, filmmakers and photographers, poets, and sculptors, along with countless educators who support and encourage the creative process.

During the regional round of adjudication, the judges reviewed over 2000 works of art submitted by over 1462 students from northern New Jersey. The selection process is extremely competitive allowing only 6% of regional submissions to move onto the national level, Gold Key Award. Only 20-25% of students garnered awards at the Silver Key Award and Honorable Mention.

This year Piscataway High School art students received 25 individual Awards. There is 1 Gold Key Award, 6 Silver Key Awards and 18 Honorable Mentions. The one Gold Key Award winner will move to the national level for judging.

PISCATAWAY ROBOTICS

Here at Piscataway Robotics, we are working on this year's robot in an engaging and educational environment. Students of all backgrounds assemble and work toward engineering our robot while solving problems that may arise and preparing themselves for careers in the field of STEM (Science Technology Engineering and Math). Members of the club also get a hands-on experience learning how to use a variety of tools and how to code in the Java programming language. Our club allows students to cooperate and work toward building our school's latest robot.

Competitions will take place at Bridgewater-Raritan High School on Saturday/ Sunday March 17 & 18.
